Efficiency Maine was initially established in 2002 by the State Legislature's "Act to Strengthen Energy Conservation," with clear goals of saving energy, reducing energy costs, helping the environment and promoting sustainable economic development in our state. At that time, Efficiency Maine was managed by the Maine Public Utilities Commission. In 2009, we helped complete nearly a thousand commercial projects that will save nearly \$50 million a year in electric bills...while making workplaces safer, more productive and more pleasant. There are many ways you can take advantage of our programs. For more information please contact Bob Fratto at 207-329-0230

FIRSTCARD ATM has specialized in high performance ATM Cash Machine programs for restaurants for over 10 years and is now the national ATM provider for the SYSCO iCare program. FIRSTCARD ATM has also established relationships with other nationally branded restaurant groups, associations and franchisees and has placed nearly 1500 ATMs in 42 states. FIRSTCARD ATM knows what it takes to maximize profits and minimize costs for restaurant owners. For more information, please contact Tom Busi at 209-609-4800

Since 1937, Baker Commodities has been one of the nations leading providers of rendering and grease removal services. Baker Commodities is a completely green company, recycling animal by-products and kitchen waste into valuable products that can be used to feed livestock, power vehicles, and act as a base for everyday items. Our network of more than 21 facilities across the United States converts animal by-products and food waste into commercial commodities. Our facilities also convert used cooking oil and waste water into yellow grease, a key ingredient in biodiesel fuels. For more information please contact Franke Nunes at 978-654-7721
